Set alert threshold rules

Send email alert notifications after the actual or forecasted spend exceeds a percent of the budget or a specified amount. Learn more.

Percent of budget	Amount	Trigger on
1 * 50 %	Amount 1 * $ 2.5	Trigger on 1 Actual
2 * 90 %	Amount 2 * $ 4.5	Trigger on 2 Actual
3 * 100 %	Amount 3 * $ 5	Trigger on 3 Actual

+ Add threshold

Manage notifications

- [x] Email alerts to billing admins and users
- [ ] Email alerts to project owners
- [ ] Link Monitoring email notification channels to this budget
  Select a project and a maximum of 5 Monitoring email notification channels.
- [ ] Connect a Pub/Sub topic to this budget
  Select a project and Pub/Sub topic. Anyone who can view this budget will also be able to view the project ID and the topic name. It may not be possible to add a Pub/Sub topic if it belongs to an organization that has domain restricted sharing enabled.
